There is a lot
you need to hear

People first

We believe that it takes more than technology and audiology to create the best hearing instruments. That's why we put the individual needs and wishes of people with hearing loss first in our development of new hearing care solutions.

The Syncro hearing aids have been designed with these situations in mind. Try Syncro and you will enjoy the difference.

Experience
the difference with Syncro

The everyday situations that we all experience present real challenges for anyone with a hearing difficulty.

Syncro

– better hearing
wherever you are

Syncro is the new and exciting hearing system which is changing the lives of people all around the world who want to enjoy better and clearer hearing.

Syncro is the world's most intelligent hearing system. Its ability to intuitively and selectively prioritise voices and filter out unwanted noise is achieved through the use of Artificial Intelligence.

When you try Syncro, you will experience how this advanced technology will improve your hearing in a wide variety of different situations, ensuring that you experience better hearing and better speech understanding... wherever you are!

Syncro enhances speech in difficult listening situations with a lot of background noise.

Syncro automatically adapts to changing listening conditions, ensuring that you will always hear voices clearly.

Experience life with better hearing

Syncro actively suppresses multiple distracting noise sources at the same time – even when they move around or change direction.

Syncro is equipped with a dedicated music setting, so you will hear music like no hearing aid user has ever heard music before.

With Syncro there is no need to have the TV volume turned up high because you can listen to it at a level everybody enjoys.

Syncro uses Artificial Intelligence to monitor and react to changing sound environments, ensuring optimal communication abilities in all situations.

Stay active

– with Syncro

With Syncro you can maintain an active lifestyle and rest assured that it delivers unrivaled performance every moment of the day.

Contact your local Hearing Care Professional to learn more about how Syncro can improve your hearing.

A World leader

Syncro is produced by Oticon, an acknowledged world leader in hearing care. Oticon pioneered the development of digital hearing aids and has established an enviable position across the globe as a supplier of reliable, user-friendly and effective hearing solutions.

Over the years Oticon has received many prestigious prizes. Most recently Oticon was awarded European Company of the Year, whose previous winners include such leading companies as BMW and Nokia.
